

Florida - USA

I praise and thank God that I had a wonderful opportunity of ministering among close friends and family in Christ in Florida U.S.A. The Lord has established a great bond of love and friendship over the years. Since I have known them, they have stood with me in fulfilling the vision and the call which the Lord has so dearly laid before me. I sincerely value the sacrifice and the commitment they make for me and for Connect Global Ministries.

Through years of serving the Lord, He has brought friends and acquaintances who have felt the same passion and calling for the establishment and the furtherance of the Kingdom of Christ on this earth. It is so wonderful to see people coming along side of you, standing with you in prayer and support without any agenda or without asking anything in return. What a day it will be when we will rejoice with our Lord in Glory together.
