

The Island of Mindanao-Davao City

Praise the Lord for an other door of ministry that has been opened in the continent of Asia and in the country of the Philippines. I was able to minister in the Island of Mindanao, in the city of Davao and the surrounding regions. I thank the Lord for introducing me to these lovely people. Great bonds of friendship have been formed which I believe will last for years to come. I was able to minister in some churches - the Lord has enabled and empowered me to minister with the anointing from heaven. In each service people came to the altar seeking the Lord and gave their lives to Jesus. The Lord touched their lives through His Word that was delivered. I witnessed many weeping as they were touched by the Holy Spirit. The Lord led many to Himself as they rededicated their lives back to God to have New Beginnings in Him! ALL GLORY TO GOD!

Pastor Glennand Gerilin

A dear friend in the Faith..

It was a privilege to meet Pastor Glenn and his dear wife Gerilin in Davao City. He gave me the honour of ministering from his pulpit. A great bond of friendship has been formed between us for the furtherance to build the Kingdom of God in Philippines. We had blessed time together discussing on how to progress further in reaching out to His people. I am really looking forward to work with Pastor Glenn in the days and years to come for His Glory!

THE PILIPINOS A Lovely People.....

The Pilipino brothers and sisters in Christ are one of the loveliest people you will ever meet on this planet earth. Their hospitality, love and generosity is simply marvellous. They made me feel at home and took good care of me during my stay with them. I would love to continue to encourage and nurture our friendship and become a blessing to them. Praise God!
